BRIAN OLIVEIRA DDS

PROFILE

My area of focus within dentistry includes treatment of obstructive sleep apnea, TMJ and chronic pain, and implant surgeries with emphasis on immediate placement. My interests include the oral-systemic connection, helping patients achieve optimal dental into old age, collaboration with other healthcare providers, and patient education. I have a passion for organizational psychology and helping team members realize their full potential in and out of the office.

WORK EXPERIENCE

JUL, 2018 - DEC, 2023

Bradburn Village Dentistry, Denver, CO

- Implemented new surgical procedures within the practice including implant surgeries, socket preservation, ridge augmentation, indirect and direct sinus lifts
- Implemented systems to diagnose and treat patients with obstructive sleep apnea and TMD through a FFS model
- Treatment of Invisalign cases in six to nine months using the Galler protocol
- Proficient with treatment planning full mouth rehabilitations, and implant hybrid cases
- Proficient with CEREC crowns, veneers, onlays, inlays, and implant restorations
- Managed 3 hygiene operatories and 2 production operatories daily with average production >\$5,000
- Helped grow the office monthly production from \$60,000 to over \$160,000

DEC, 2021 - DEC, 2023

Stamm Dental Wellness, Denver, CO

- Treated TMD, craniofacial pain, and sleep disordered breathing using Dr. Steven Olmos protocols
- Used CBCT to interpret and diagnose temporomandibular joint, nasal, and airway related pathology
- Created a referral network of ENTs, sleep physicians, physical therapists, oromyofunctional therapists, and speech language pathologists for treatment of chronic pain and sleep disordered breathing

JUL, 2017 - JUN, 2018

Fellowship in Implant Dentistry, Alton, IL

- Surgical – experience in socket preservation, guided bone regeneration, crestal and lateral sinus lifts, removal of failing implants, immediate implant placement, placement of implants for single/multi tooth restorations, and placement for full-arch rehabilitations
- Restorative – experience in full mouth rehabilitations using fixed hybrid prostheses, implant retained overdentures, CONUS (telescopic) dentures, immediate conversion of “All-on-four” dentures, as well as the management of implant complications and failures
- Implant Systems: Straumann, Biomet 3i, Zimmer, Astra, Southern Implants, and Nobel Biocare

JUL, 2016 - JUN, 2017

Advanced Education in General Dentistry, Alton, IL

- General dentistry – treatment planning experience in full mouth rehabilitations, treatment and management of TMD patients, management of complex pediatric and/or medically compromised patients
- Surgical experience – experience in full mouth extractions, third molar extractions, alveoloplasty, crown lengthening, gingivectomies, soft tissue removal, and soft tissue biopsy
- Removable dentistry – experience in restoring tooth-borne locator overdentures and overpartials, immediate dentures, and Valplast partial dentures
- Sedation dentistry – experience in hospital setting under general anesthesia, experience in treating patients under IV sedation for third molar extractions, experience in administering pediatric oral conscious sedation, ACLS certified
